Business Update Release**Pavna Industries Strengthens Commitment to Innovation with New R&D Centre in Noida.**

Aligarh, November 05, 2025: Pavna Industries Limited (NSE: PAVNAIND, BSE: 543915), a leading manufacturer of high-quality automotive components catering to diverse vehicle segments including passenger vehicles, two-wheelers, three-wheelers, commercial vehicles, and off-road vehicles, announces the establishment of its new **Research and Development (R&D) Centre** today in Sector-63, Noida, Uttar Pradesh, reaffirming its commitment to innovation, quality, and technology advancement.

The state-of-the-art R&D facility will focus on research and development of electronic components, lock systems, switches, and other advanced automotive solutions. The center aims to enhance the company's capabilities in designing and developing technologically advanced products tailored to evolving customer needs and global standards.

Management Comment:

Commenting on this development, Mr. Swapnil Jain, Managing Director, Pavna Industries Ltd. said:

"The establishment of our R&D Centre in Noida marks a significant milestone in our innovation journey. It reflects our unwavering commitment to technological excellence and to strengthening India's position in advanced automotive engineering. This facility will help us accelerate product development, improve efficiency, and deliver greater value to our OEM partners and end customers."

About Pavna Industries Limited:

Pavna Industries Limited, formerly known as Pavna Locks Limited, was incorporated in April 19, 1994. The company is engaged in the business of manufacturing wide range of reliable and high quality automotive parts for reputed OEMs serving different vehicle segments including passenger vehicles, two-wheelers, three-wheelers, heavy and light commercial vehicles, and off-road vehicles. PAVNA is a well-established company in the South Asian automotive industry, with long history of innovation, technology, manufacturing and market leadership spanning over 50 years.

The Company has its state-of-the-art manufacturing plants located strategically in Aligarh (Uttar Pradesh), Aurangabad (Maharashtra), and Pantnagar (Uttarakhand). These plants are situated in close proximity to the plants of its OEM customers, allowing for greater interaction and timely response to their requirements. It also has diverse range of product portfolio which includes Ignition Switches, Fuel Tank Caps, Latches, Auto Locks, Switches, Oil Pump, Throttle Body, Fuel Cocks, Casting Components, and more. The Company has wide presence in the domestic as well as export markets, exporting to several countries like Italy, Sri Lanka, Indonesia, Sudan, U.S.A. and Bangladesh. Apart from this the Company is also focused on customer centric approach catering to various esteemed Companies in the industry like Bajaj, Kawasaki, Honda, TVS, Mahindra, Escorts, Royal Enfield, Ashok Leyland, Mahindra Wheels, Eicher Motors, Tork Motors, Revolt, Mahindra Electric, etc.

PAVNA is committed to providing its customers with the latest and most innovative products, which is why the Company undertakes extensive research and development activities. The focus is on enhancing product portfolio, improving the quality of products, and upgrading the manufacturing processes. This is achieved through a combination of in-house R&D capabilities, as well as joint ventures and technical collaborations with partners such as Sunworld Moto Industrial Co, an Indo-Taiwan joint venture Company.

The Company's goal is to continuously strive towards technological advancement and innovation, while keeping customers' needs at the forefront of everything the Company does.
